

PRESS RELEASE
For Immediate Release

HiTV Communications unveils the HiTV TwinView Headrest with built in DVD player that turns your car into the next generation moving vehicle entertainment center.

Sydney Australia, July 01st 2007, HiTV Communications, the leader in mobile digital TV entertainment, today announced the release of HiTV TwinView. TwinView is an easier and faster way to enjoy your movies and live TV while on the go. You can now take all your favorite DVDs with you and enjoy the trip even more with HiTV TwinView.

HiTV's TwinView is the ultimate package; it's a step ahead of the competition. Combined with our latest technology and styling factors, the design is sleek with imported leather and color to match you needs. TwinView is designed to perfectly suit the interior of you vehicle. Replace your ordinary headrests with TwinView, and start experiencing the real rear seat entertainment system.

Built-in DVD player means more free space & comfort. With an optimal positioned cooling fan, that will keep your system cool on hot days. Region free DVD playing function means you can enjoy almost every kind of CD medium there is on the market from audio CDs, CD-RW, SVCD, DVD-RW, MP3 and MPEG.

TwinView is made with the same material and colour as your factory headrests, so TwinView will blend right into the original interior of your vehicle.

With TwinView, you will feel just like as if you are home. The 7" TFT LCD screen allows full colour to be displayed, and the wireless headphones give you the best audio performance and stylish look. Having these wireless headphones you can fully enjoy the movie without disturbing the other passengers. In addition, HiTV's wireless headphones are specially designed to fit even with children's head size, the lightweight adjustable band is very comfortable for those long and boring trip.

TwinView is featured with a versatile remote controller allows you to have full control of your DVD headrests.

Through the A/V control box, you can share the sources with the other screen; this means two screens can switch modes around at any time without affecting the other one. Other than watching TV programs and DVDs, TwinView can be connected to portable gaming systems such as a PS2. Twin View will truly make your vehicle an ultimate mobile entertainment system.

TwinView DVD headrest system will turn your car into a full entertainment centre within just a cable away. Satisfaction and perfection means real in-car entertainment centre.
