

PRESS RELEASE
For immediate release

HiTV Communications unveils the up-to-date range of Dashboard-fitted LCD screen modules.

- **Mazda 3 Dashboard Module (M3000)**

Sydney Australia, January 01st 2008, HiTV Communications, the leader in mobile digital TV equipment provider, today announced the release of a new range of dashboard-fitted motorised screen for Mazda 3.

M3000 is designed for Mazda 3 from year 2005 onwards. M3000 has a discreet design hides the LCD screen when the screen is not activated, therefore it does not affect the interior look of your car.

HiTV's M3000 is specifically designed to bring convenience and entertainment for the front seat passenger.

HiTV's M3000 supports 3 video inputs and 1 video output. HiTV M3000 is fitted with a 7" widescreen motorised pop-up screen which has a 16:9 ratio, 400 cd/m² brightness and NTSC/PAL signal auto switching function. HiTV M3000 can also be integrated with a reverse camera system, when driver shifts to reverse, the screen will be trigged automatically.

M3000 is designed to integrate with standard factory wiring. Like all other HiTV Communications' products, HiTV M3000 is certified by E-mark and C-ticks standard.

HiTV M3000
