RE: Live Digital TV just got personal!

As Australian government is pushing digital TV to every household, we are all well aware that there are more free-to-air channels becoming available from digital TV.

HiTV Communications Pty Ltd, the leading mobile digital TV and digital TV antenna provider, has launched its first handheld digital TV product, **Belva 40 – your first portable digital TV.**

This is a new dedicated device that will let TV lovers watch their favorite news, live sports, children's programming and entertainment on a dedicated device for digital TV viewing, while they are outdoor BBQing, fishing, camping, at family picnic, or beach under sun.

The newly launched Belva 40 3.5" portable digital TV can receive all standard definition programs. It has a built-in high sensitivity digital TV antenna and a portable external antenna where enhanced signal is required. A built-in MP3 player of up to 32GB of storage supports various playback videos. With support for AVI, Mp4 and many more, you can use this as a portable media player for all your favorite videos

For sports enthusiasts, a popular use is to take the portable digital TV to the game or race. You can be there in the action, but also catch the highlights on your handheld portable

digital TV. There are more than 14 free to air channels including Australia's first free-to-air 24 hour live sports channel - ONE

For camping outdoors enthusiasts, small portable digital TV with a MP3 player can be a lifesaver during a rainy weekend when hiking or fishing is out of the question. Additionally, portable digital TVs are particularly handy for those with younger children or teenagers that don't like the dirt and bugs. With the long 4 hours battery life, this will be an excellent gadget for out door activities.

HiTV Communications also provides various mobile digital TV antenna solutions. To strengthen signal in poor digital reception area, HiTV's external R1 digital TV antenna would be an excellent choice to satisfy your requirement.

HiTV offers numbers of proven best reception digital TV antennas to impress your digital TV viewing experience.

The selected R1 antenna could be also used as a PORTABLE digital TV antenna.

HiTV ANTENNAS

Enhance Your Digital TV Signal to the Best.

The advertisement features a portable digital TV on the left and an external R1 digital TV antenna on the right. A green arrow points from the antenna to the text box on the right. The background is white with blue and green accents.

HiTV Belva 40 has Australian government C-Tick certification. To protect Australian users' rights and guaranteed the product quality, HiTV Belva 40 has passed the government requirement and is listed in the Australian government digital ready website www.digitalready.gov.au/media/qualifiedproducts
