

USER MANUAL FOR SWITCHES + DISPLAY

PIN CODE: 1234

1. To pair with your phone, you should active manual search mode.
2. Before clearing all the paired phones, you should disconnect the bluetooth firstly.
3. Please be noted that we haven't designed any ignition voice for the pairing mode & the "clear all paired phones" mode. (It will be enhanced later on.)
4. Before removing the display or changing switches, be sure to turn the ACC power off firstly, in order to protect the product itself.
